

SOFTWARE DYNAMICS GROUP

+ Junior D365 F&O Developer (X++)

+ Company Overview: [Software Dynamics](#)

Software Dynamics is a leading Microsoft Dynamics Implementation and Consulting Partner based in Nairobi, Kenya. We specialize in delivering sophisticated Enterprise Resource Planning (ERP) and Customer Engagement (CE) solutions built on the Microsoft stack, empowering businesses across Africa. We are an elite Microsoft partner dedicated to large-scale enterprise solutions and a technically driven work culture.

Position: [Junior D365 F&O Developer \(X++\)](#)

Location: Nairobi, Kenya

Employment type: Full-Time

Application Deadline: 14 May, 2026

Role Overview

We are seeking a motivated Junior Developer to join our Dynamics 365 Finance & Operations team. You will focus on customizing and extending the D365 F&O platform using X++ to meet specific business requirements.

+ Key Responsibilities

- Develop and maintain technical solutions within the D365 F&O environment using X++.
- Assist in the creation of custom reports using SSRS and data entities for integrations.
- Participate in the full software development lifecycle (SDLC), including coding, testing, and deployment.
- Collaborate with Senior Developers to troubleshoot bugs and performance issues.

+ Qualifications

- Bachelor's degree in Computer Science, IT, or a related field.
- Foundational knowledge of Object-Oriented Programming (OOP).
- Basic understanding of SQL Server and relational databases.
- Strong desire to learn the D365 F&O architecture and development tools (Visual Studio).

+ Benefits and Perks

- **Competitive Compensation:** Performance-based package with attractive commission structures.
- **Health & Wellness:** Comprehensive health coverage and generous paid time off.
- **Professional Growth:** Continuous investment in professional development and Microsoft sales certifications.
- **High-Performance Culture:** Join a collaborative environment working on the most significant digital transformation projects in the region.

+ How to Apply
